Welcome to my practice.

On the day of our first appointment, please bring the documents that you have filled out. I will not look at them during our first appointment but I will review them afterwards. Please let me know if you have any questions about the material and, if in doubt, I encourage you *not* to sign anything you do not understand or wish to ask me about. We can go over that material together.

My office is located in Millennium Plaza, located at **1516 Hudson Street, Suite #204 (second floor)** between 16th Avenue and Olympia Way. It is directly next to the Safeway on 15th Avenue and across the street from the Historic Post Office on the Circle. You can access my office via three methods: two sets of stairs are available at entrances on either Hudson or 16th Avenue, as well as through the use of the elevator located closest to the 16th Avenue entrance. Parking access will probably be easiest on 16th Avenue, although there are a number of parking spaces around the building.

Please make yourself comfortable in our waiting room and I will introduce myself at our appointment time. I look forward to meeting you then.
